Hey guys,

Technically this is hush hush but Im super excited and wanted to share with you guys. We just found out that Femme will make its international debut this May as part of INSIDE OUT LGBT Film Festival in Toronto. This is one of the five largest and most esteemed LGBT film festivals in the world. This is a big deal and I am so excited. And this is good news and momentum going into the LGBT film festival circuit this summer. We have submitted to all of the top five but this is the first so here's to hoping we hit them all.

Just wanted to share the news but we can't announce officially until May 4th.

Benno
